## Why not in December?

The month December with Christmas and New Year tends to be a very stressful time for many people. During this month social media is flooded with advent calendars. The products, nor the company behind them are getting the desired full attention, that's why we have decided to start the Novemberkalender.

# Your benefits

- 🎄 Positive brand message with great visibility
- 🎄 You gain very loyal fans
- 🎄 A perfect way of saying "Thank You" to your followers
- 🎄 Shortly before year's end your brand gets excellent branding

From our last three Novemberkalender promotions, we know that our followers are very keen on this special event and cant wait to participate.
